

## Chongqing Huilong Culture and Media Co.,Ltd

Since the establishment in 2005, CHINAMOTOR and CHINA E-VEHICLE, as the only English magazines of Chinese motorcycle and electric vehicle industry, have grown into widely known brands in the two fields. [www.chinamotorworld.com](http://www.chinamotorworld.com) and [www.chinae-vehicle.com](http://www.chinae-vehicle.com) are also highly received internationally, which are hailed as the first-chosen internet portals of the global dealers to get to understand the market and industrial development trend of Chinese motorcycle and electric vehicle! Another heavy hit by us, China Motorcycle Products Yearbook (yearly) has also won the unanimous recognition of the global dealers!

Our press is a team consisting of elites both from domestic and overseas motorcycle and e-vehicle industry, time-weathered veteran translation team, wonderful designers and high-efficient marketing staff, and meanwhile we have invited several industrial experts from USA and Europe as our standing counselors. Accuracy and authority are pursued as to both contents and designing of the magazines!

### CHINAMOTOR

CHINAMOTOR is the only English magazine of Chinese motorcycle industry. Setting vision into the international context, this magazine is exclusively targeted at the global dealers and distributors, which is published on 5<sup>th</sup> each month. Thoroughly taking the requests of the overseas readers and the industrial hot topics into our consideration, we open different columns with varied themes and designing styles, including varying columns such as Cover Story, Forefront, CHINAMOTOR Research, Global Release, Global Industrial Observation, Special Recommendation, Insider's Sight, Racing and Spare Parts and Maintenance etc. Based on the accurate and authoritative statistics, CHINAMOTOR systematically and vividly presents and analyzes the status and development orientation of Chinese motorcycle Industry by making use of the fresh information and pictures. CHINAMOTOR also combines the elements of casualty and sport into its content, which immensely helps in enlarging its reader's group.

CHINAMOTOR is a globally distributed magazine, which is regularly posted to its readers all over the world, and distributed at more than a dozen of global professional motorcycle and e-vehicle exhibitions. More information is provided on the website [www.chinamotorworld.com](http://www.chinamotorworld.com), which offers the online browse of CHINAMOTOR, and is so far the most professional English portal of Chinese electric vehicle industry.

CHINAMOTOR'S Internet Customer Service Dept. will be at hand all the time to provide the in-time information and consulting service for its clients and global dealers. CHINAMOTOR is your bridge for the communication of Chinese products and the overseas markets!

### CHINA E-VEHICLE
